

# Geomagnetic Polarity Time Scale

modified from Concise Geologic Time Scale (Ogg et al., 2008)

| Period     | Series      | Stage      | Geomagnetic Polarity |      |     |
|------------|-------------|------------|----------------------|------|-----|
| Quaternary | Holocene    | Tarantian  |                      |      |     |
|            |             | Calabrian  |                      | C1   |     |
|            |             | Gelasian   |                      | C2   |     |
| Neogene    | Pleistocene | Piacenzian |                      | C2A  |     |
|            |             | Zanclean   |                      | C3   |     |
|            | Pliocene    | Messinian  |                      | C3A  |     |
|            |             | Tortonian  |                      | C3B  |     |
|            |             |            |                      | C4   |     |
|            |             |            |                      | C4A  |     |
|            |             |            |                      | C5   |     |
|            |             | Miocene    | Serravallian         |      | C5A |
|            |             |            | Langhian             |      | C5B |
|            |             |            |                      |      | C5C |
|            |             |            | Burdigalian          |      | C5D |
|            |             |            |                      |      | C5E |
|            | Aquitanian  |            |                      |      | C6A |
|            |             |            |                      | C6AA |     |
|            |             | C6B        |                      |      |     |
|            |             | C6C        |                      |      |     |
| Paleogene  | Oligocene   | Chattian   |                      | C7   |     |
|            |             |            |                      | C7A  |     |
|            |             |            |                      | C8   |     |
|            |             | Rupelian   |                      | C9   |     |
|            |             |            |                      | C10  |     |
|            |             |            |                      | C11  |     |
|            |             |            |                      | C12  |     |
|            |             |            |                      | C13  |     |
|            |             |            |                      | C15  |     |
|            |             |            |                      | C16  |     |
|            | Eocene      | Priabonian |                      | C17  |     |
|            |             |            |                      | C18  |     |
|            |             | Bartonian  |                      | C19  |     |
|            |             |            |                      | C20  |     |
|            |             | Lutetian   |                      | C21  |     |
|            |             |            |                      | C22  |     |
|            |             |            |                      | C23  |     |
|            |             |            |                      | C24  |     |
|            | Paleocene   | Thanetian  |                      | C25  |     |
|            |             | Selandian  |                      | C26  |     |
|            |             | Danian     |                      | C27  |     |
|            |             |            |                      | C28  |     |
|            |             |            |                      | C29  |     |

C-Sequence

| Period     | Series | Stage         | Geomagnetic Polarity |                                  |
|------------|--------|---------------|----------------------|----------------------------------|
| Cretaceous | Late   | Maastrichtian |                      | C30                              |
|            |        | Campanian     |                      | C31                              |
|            |        | Santonian     |                      | C32                              |
|            |        | Coniacian     |                      | C33                              |
|            |        | Turonian      |                      | C34                              |
|            | Early  | Cenomanian    |                      | C34n                             |
|            |        | Albian        |                      | M <sup>n</sup> -3 <sup>n</sup> r |
|            |        | Aptian        |                      | (C34n)                           |
|            |        | Barremian     |                      | M <sup>n</sup> -2 <sup>n</sup> r |
|            |        | Hauterivian   |                      | (C34n)                           |
| Jurassic   | Late   | Valanginian   |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Berriasian    |                      | (C34n)                           |
|            |        | Tithonian     |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            | Middle | Kimmeridgian  |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Oxfordian     |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Callovian     |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            | Early  | Bathonian     |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Bajocian      |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Aalenian      |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Toarcian      |                      | M <sup>n</sup> -1 <sup>n</sup> r |
| Triassic   | Late   | Pliensbachian |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Sinemurian    |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Hettangian    |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            | Middle | Rhaetian      |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Norian        |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Carnian       |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            | Early  | Ladinian      |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Anisian       |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Olenekian     |                      | M <sup>n</sup> -1 <sup>n</sup> r |
|            |        | Induan        |                      | M <sup>n</sup> -1 <sup>n</sup> r |

| Period        | Series        | Stage         | Geomagnetic Polarity |  |
|---------------|---------------|---------------|----------------------|--|
| Permian       | Lopingian     | Changhsingian |                      |  |
|               |               | Wuchiapingian |                      |  |
|               | Cisuralian    | Capitanian    |                      |  |
|               |               | Wordian       |                      |  |
|               |               | Roadian       |                      |  |
| Carboniferous | Pennsylvanian | Kungurian     |                      |  |
|               |               | Artinskian    |                      |  |
|               | Mississippian | Sakmarian     |                      |  |
|               |               | Asselian      |                      |  |
|               | Middle        | Gzhelian      |                      |  |
|               |               | Kasimovian    |                      |  |
|               | Early         | Moscovian     |                      |  |
|               |               | Bashkirian    |                      |  |
